

## **Hello Cowboys and Cowgirls!**

Due to the current health situation running through our Great Country and our Wonderful State, the Cabs Board has made the decision to **cancel our March Shoot**. Our concern for our shooters health is our topmost priority.

Ya'll stay well , we hope the hysteria and this virus will run its course. If you haven't already and want to keep up with what is happening, go to the [www.cdc.gov](http://www.cdc.gov) website . I've learned not to listen to news media!

Thank you all for understanding. God Bless you all and prayers for the recovery of all those infected and the recovery of our Nation.
